Glowing Text Effect

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

In this Flash tutorial you will learn how to make text glow (this effect will also work for anything drawn in Flash). The glowing edges around the text will ease in and ease out in this animations. Topics include: soften fill edges, alpha control, and basic tweening. No actionscript involved and source file is included.
