

Goetz's Banner

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

With Goetz's Banner you can create an animated banner on your page. The images zoom in as they change. You can have different URLs for each image, or let them all link to the same URL. The ads can be shuffled, or they can be in order. You can even have just one image displayed for a single random ad. Various background colors, and pause times. Display info in the status bar when the visitor moves the mouse over the image.
