Google Analytics Plus

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

* * Track every individual page - including sections retrieved via AJAX during one-page-checkout * * Enter DomainName to track via the Magento back-end / check here if you should use it * * Track the actual typed in keywords for adwords instead of only the term you bid on (this might not yet work due to a bug in Magento itself) * * Optionally track Adwords conversions for purchases
