Backup to DVD, CD/R/-RW, FTP, USB, Flash or LAN with Zip64 on-the-fly compression, strong 128-bit encryption and a flexible backup scheduler under Windows 9x/ME/NT 4.x/2000/XP with an easy to use yet powerful backup program. Can also backup ICQ files, Outlook and Outlook Express files, Registry and My Documents, Favorites and Desktop folders. An extensive backup solution with a great deal of useful features will protect your valuable data. It makes an automatic backup of your critical data virtually to any type of storage media: hard or network drive, DVD, CD-R/W, flash drive, to or from FTP or LAN. Special plugins are provided to facilitate the backup of ICQ, system registry, MS Outlook data and Windows settings: Favourites, Desktop, Nethood, etc. Strong file encryption and multichoice zip compression on the fly as well as many other useful features will protect your valuable data. All backup activities are notified into a log file. Detailed online help is available.
