Secure ClickBank affiliate links with the press of a button: HopGuard displays an easy to use signup form where your visitor simply enters their ClickBank nickname, clicks a button, and out pops a secure, encrypted affiliate link. Each affiliate link is personalized with your domain name, which helps to increase your Google PageRank as well as brand awareness and professionalism. HopGuard allows multiple sales pages (and products) to be sold via the one ClickBank account. It offers page tracking to see which sales pages are the most popular with your affiliates. Your affiliates don't need to signup to any forms, which helps increase affiliate participation. HopGuard is easy to use for you and your affiliates.
