

How do i install a forum?

| | |
|-----------------------|------------------------|
| Address | {value_address} |
| Contact Person | {value_contact_person} |
| Mobile Number | {value_mobile_number} |
| Email | {value_email} |

Do you want to have your own forum? Well, in this tutorial i will show you the steps to make your own forum. There are many “bulletin boards” available on the market. Today we will install The Simple Machine Forum a.k.a. SMF. You have to download the files from the download section of the simplemachineforum.org. Always use the last stable version available.
