

HTML Guardian

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Encrypt HTML, SHTML, JavaScript, VBScript, and ASP files. HTML Guardian is a solution for total Web site protection -it will make impossible stealing and re-using your source code in other websites. Image Guardian add-on is especially designed to protect images on your site. Additional protection options available:disable right-click, page printing, text selection/copying, clipboard, and offline usage of encrypted files, add password protection.
