

HTML5 Video with a Fallback to Flash

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

In this video quick tip, we'll review how to work with HTML 5 video in your own projects. Because older browsers and Internet Explorer do not understand the element, we must also find a way to serve a Flash file to viewers who are utilizing those browsers.
