htnews

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

htnews is an email robot. It makes it easier to insert news items to your webpage. You have simply to send an email to a special address and the item will be inserted. htnews is highly configurable, supports templates and a basic authentication using passwords and authentication via the originators email-adress.
