

## iBill Gateway

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This script allows you to easily manage your pay site with automation via the iBill Billing Company. After the surfer uses their credit card or calls a 900 number through iBill's services, the iBill Gateway takes over the sign-up process, giving the new user his choice of username and password. Your customer accounts are INSTANTLY activated and there's no need to have insecure methods of membership, including preset username/passwords or daily updated single username/password combinations.
