<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

iBULC is a browser-based multiple file uploading component that can be integrated with any server-side program or script. Enable your employees, clients, and/or users to upload pre-defined file types and sizes to your server using iBULC client side upload software. Client-side software works on all versions of Windows and Mac OS X. Browsers supported include Safari, Opera, Mozilla, Netscape, and IE.
