

IE AutoLogin

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

IE AutoLogin is an Internet Explorer Web Password Manager that allows you to log into a website with just one click. It is integrated with Internet Explorer and can be accessed from a toolbar that becomes a part of Internet Explorer, HTML page context menu or Internet Explorer menu. IE AutoLogin saves all login info from web form as your profile to protected location on your computer and easily completes and submits login form when you use it
