A complete adobe cold fusion online photo album allowing you to upload and organize your pictures. Cold fusion Pictures Gallery Lite Edition is a full featured, web-based image gallery application. The image upload features a thumbnail creator, allows you to re-size an image for display formatting, but also maintains the integrity of your high-resolution original. It has both user and administrative interfaces and allows administrators to toggle administrative options such as application security, application look, feel and gallery layout... and much more. If you have been searching for an easy to use, easy to install and low cost alternative to the other providers, you have come to the right place.
