Whether you need a powerful Magento ad tracking and banner rotation system with high clickthrough rate, the Image Slider extension is perfect solution for you. Our Magento module will never let your banners stagnate by rotating them automatically in an eye-catching manner on any page of your Magento store. If you want to create a recency effect at your Magento website with a changing head image or lure your visitors to content on your own or others' sites, the Image Slider Magento module is the most attractive tool. You can use this extension to display random linked images at any place of your store with joyful visual effects.
