With Imagelsland, you can instantly turn your current website into a professional Photo Gallery and Image Management System. It will allow you to upload, create thumbnails, rotate, resize, manage, and share photo galleries and albums online with friends and family using your existing website. Imagelsland Professional 3.0 includes a complete photo gallery management system, 6 custom skins, folder/group manager, 10 gorgeous image web pages, uploader, thumbnail creator, and more! You can create your own Photo Portal as well, as Imagelsland includes user logins and full security system. Imagelsland is also CSS and XHTML compliant, as well as cross-browser compatible with all the major browsers. Software installation is very easy to do. No database, desktop software, plugins, or subscription required. Just drag-and-drop the Imagelsland folder onto your website. FREE or full versions available! Also, try Videolsland, Audiolsland, and Medialsland. www.GiantIsland.com
