

Indexu 7

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Indexu is known as the most flexible when handling custom fields. Now indexu 7 even more greater than before. We have the most powerful custom fields management. Now custom fields support for listing, category, user and comments. Support more than 10 field types and sophisticated error handling. All is done without any code modification, but rather use only with admin panel. Other things also improved: SEO, performance, easy templating, banner management, and much more.
