

Inout SocialTiles Mobile Addon

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Mobile browsing has rapidly become an integral part of our everyday online behaviour. Now users expect websites to work on their mobile phones. We built the Inout SocialTiles mobile interface to give you quick access to your user account. Inout SocialTiles automatically recognizes a device(mobile, tab, desktop etc.) and when such a mobile type device is detected, it is automatically switched to the Inout SocialTiles mobile mode.
