Instant Cart Magento Extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Instant Cart extension makes Magento shopping fast and highly enjoyable with Web 2.0 feature which allows adding products to cart and removing them from cart without boring page reloads. No matter what type of products there are in your store. Instant Cart renders product options right on the current page in Web 2.0 popup layer required to add product to cart.
