iPool is the multi-award winning, innovative software for the online promotional and B2B distribution of music. Make your music available to your media and business partners (such as journalists, radio stations, DJs, licensees, music downloads shops) around the world via the Internet. It is fast, easy and economic. iPool is the up and coming tool that can reduce your promotional and B2B distribution costs by over 90%. Or increase your range by a factor of at least 20 - without increasing your investment. The pioneering watermark technology also protects your music from illegal distribution. Current customers include more than 150 customers World-wide, including Warner Music, Roadrunner, VP Records, Nuclear Blast, Metal Blade and Kontor Records.
