

# Java Floater

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This is a JavaScript which will place a floating image in the bottom corner of a web browser. If you've visited sites on GeoCities lately you've probably seen the floating logo they have in the bottom corner, this script does the same kind of thing.
