<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This is a handy utility that will automatically create code for a JavaScript Drop-Down Menu. Simply choose the amount of links you want in your menu, and then enter your link items in the spaces provided. You will also be able to test your menu before you copy and paste the code, in case you want to make any changes.
