A personal collection of JavaScripts that are rigorously tested on all JS capable browsers. If a script doesn't work in a certain browser, this is noted on the page. Main focus is on simple scripts that you'll need every day, with some explanations of common problems. Treated subjects: images, forms, frames and windows, events, DHTML, W3C DOM. Also contains the W3C DOM Compatibility Table, currently the best resource on the Internet for this subject.
