

jBar - the jQuery call to action bar

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

jBar is a simple and lightweight jQuery notification banner created as an alternative to Hellobar. It allows you to create a simple call to action and bring it forward for the user to see at the top of your website. The user can then toggle the visibility of the bar by clicking the ribbon.
