Jease is an open-source Content-Management-System which is driven by the power of Java. Jease means "Java with Ease", so Jease promises to keep simple things simple and the hard things (j)easy. - Jease is easy to install - all you need is Java and you are up and running in a minute. - Jease is easy to use - user-friendly desktop-like interface with full Ajax-support. - Jease is easy to extend - develop your designs or content-types with just a few lines of Java and HTML.
