jQuery Image Slider Plugin

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This is a jQuery plugin that creates a scrollable image list out of an HTML unordered list of images. By default, each item will open a link, but it can be easily integrated with third party plugins (e.g. lightbox or similar plugins). It supports caption text for each item, on one or multiple lines. It can be easily resized and visually customized using the style sheets. PSD with slices included for customizing the scrollbar graphics. Features * powered by jQuery * resizable, colors can be edited inside css * PSD with slices included for editing scrollbar graphics
