Jump Menus

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

If you have a lot of links on a page and don't have enough of space to fit them all a simple way to add the links is to create a jump menu. Learn how to create jump menus in Macromedia Dreamweaver 4.0. Code is also included.
