Keep It Simple Search (K.I.S.S.)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The K.I.S.S. Java applet allows you to query multiple internet search engines in one single step. Simply enter a search string, select one (or more) search engines, and click on the search button. For each search engine you selected the applet will then display the results in a new window.
