KJV Online-Bible Script will help you create an advanced bible site within minutes. It includes 3 main functions: - Read The Bible: Showing the whole bible from the beginning untill the end, paging by chapters (page for each chapter). - Display Chapters and Verses: Choosing exact part from a book and display it. Paging by chapters. - Search The Bible: Search for a word, part of it, term (more then one word) and even a full verse, in the whole bible or in an exact book. SEO approach: Built with mod-rewrite. Creates SE friendly URLs and Dynamic-Titles, including .html pages. Easy Configuration.
