

kwsEZDB

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

This applet allows you to display your database in a spreadsheet style. You can customize this application with your own data, titles, sorting, search, and switches to html detail pages. You can change the form size, font, and the font size. You can do all of this without knowing one programming command.
