

Language Translator (for Inout Search Engine)

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

The Language Translator addon will help you to add translator feature to your Inout Search Engine. It supports 57 languages. It will help your users to convert messages from one language to another. The language translator addon works with the help of Google Translator API key, which you may configure in the search engine admin area.
