

# Lead Follow-Up Script

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

This is a free "Lead Follow-Up" PHP script. The script allows your sales staffs to enter sales leads in a database and set the date of a follow-up notification email for each sales lead. The script will email to a staff to remind him of the follow-up on the date he specified in the database. A staff can search, add, view, edit, and delete his/her leads but can not see other staffs' leads. ( The administrator can always view all leads. )
