Leif Wright's blog script

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Free blog script allows user to make entries, edit them or delete them. Automatically lists all entries, plus lets users comment on entries and rank them. In addition, user can upload pictures or movies through the script and choose whether to review comments before they're posted. Readers can get e-mails telling them when blog is updated.
