Mobile Number	{value_mobile_number}
Email	{value_email}

Create Own "Light a Virtual Candle" website with this free No DataBase needed PHP KISS principle Script. It enables you and your visitors to easily and quickly 'light virtual candles' in memory of a died person, to support a cause, they can light a candle for a prayer, for health, birthday, healing, birth, death, friendship, forgiveness or for praise of God's Glory. There is very simple Admin panel, but php scripts are not very difficult in this script and anyone can easily modify them. From Admin Panel you can delete all entries, to view/delete ip log and you can ban evil IP. The Design is with Simple Responsive Layout, with cool 7 emoticons. You can download the script from: https://lightingacandle.tk or https://github.com/to6ev/Lighting-a-Candle-PHP-Script ... or from this direct link: https://eti.pw/dnl.php?f=eti-lightingacandle-script.zip I hope you will like it and use it :) For more Free Stuff pls visit: www.ETI.pw
