

LinkTrakker

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Radiation's incoming link analyzer, called LinkTrakker, reveals how users are finding your website, including banner bars they're clicking on, search engine phrases they're finding you under, and other links they're following to your site from across the web. Once one person has followed any such link to your site, you'll see it reflected in your LinkTrakker report, allowing you to gauge the effectiveness of your online promotional campaigns.
