

## Live Events v. 1.0

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

You can stream sports, concerts and any kind of events. Your visitors can add their comments (if this is enable) and you can as admin (or writer) add comments, images and videos (from Youtube.com or Vimeo.com). To install the application does not need special programming knowledge. You need to know how to create a database and a FTP software. The appearance of the application to your website is a simple copy/paste some code in page's source you want to display the event! You can add,edit very easy an event by using the adminpanel! The application comes with 10 pre-designed layouts. You can easily create your own layout by changing some parameters in an CSS file!
