<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

CounterLog, AgentLog and RefLog are designed to let you create (if necessary) and analyze NCSA-format agent and referer logs, so you can easily keep track of what browsers and operating systems your visitors are using and what pages are directing them to yours. CounterLog also allows you to put text-based access counters on some or all of your pages.
