Magento Ajax Add to Cart Extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Magento Ajax add to cart Extensions has been developed by FMEExtensions. This Magento Module allows your customers to add their cart entries on fly. This module uses Ajax which eliminates page reloads. When customers add product in their cart they will get confirmation popup for continuing shopping or want to checkout.
