<b>Email</b>	{value_email}

Social networks are very important media commerce that could bring not only real sales but also could predetermine company's market reputation, search engine position, product recommendations and positive feedback. Instagram is another kind of social applications similar to Pinterest. It will bring the view of the products at different bodies and objects, so the customers could be a bit more confident about purchasing desirable item. In addition, people will always be happy to share the pages containing their custom images even more.
