Updating your shop is really important. Company news, reports, articles and other postings make your web site look alive and up-to-date. The News page informs your visitors about upcoming events and improves search engine rankings of your web site like Google PR and Alexa Rank. With Magento News extension you will be able to post new entries and, thus, keep your clients formed and loyal. With Magento News module you are welcome to post store's breaking news, short stories and long articles, add images and even attach various files.
