

Magento One Step Checkout Extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Magento One step checkout is an extension, especially for online shoppers. It simplifies the six steps of checkout process into single step. It helps to complete the purchases in a simple way. This is possible by the reduction of unnecessary fields in the billing information and payment methods. It saves the time taken of the shoppers and also beneficial for the store owners to gain the sales performance.
