

Magento One Step Checkout / Magento One Page Checkout

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

General Features Add several products to the shopping cart and finish the purchase absolutely in one transaction. Subscribe towards Newsletter from the checkout page itself. Before placing the order, you can check and agree the "Terms and Conditions". It supports Multi-Language also. Supports all the default Magento Gift Options. It is having a special feature named "Geo IP", which automatically detects the country and city. It is having an option to place the checkout page in the cart page itself - the checkout page can be made available in cart page (below the cart page) or the checkout page can be made available in a separate page after checking the cart page.
