

# Magento Order Delivery Date / Instructions

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

Order Delivery Date extension provides customers a possibility to set individual delivery date and time, as well as to leave additional delivery instructions (checkout Shipping Method stage). This is really helpful, easy and convenient solution for those who wants to be at home when the order is delivered. Also the extension has an option to disable shipping and delivery on certain dates, so the customers become notified about that at the checkout.
