

MageWorx's Shopping List Magento extension

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Shopping list extension allows your customers to create the lists with items/products which they purchase routinely. These lists are very similar to the ones you take with you to the store. If you sell the items which are purchased regularly like office supplies, grocery, shampoo, vitamins, tea etc, this extension will be a huge time saver for your customers to do the regular purchases.
