

Magic Magnify for Magento

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Magnify images in detail. This smooth effect uses Flash to create a round magnifying glass which can be customised in size. Try scrolling your mousewheel while hovering and change the magnifier size. If you want it to work on iPad and iPhone, then get the next version up: Magic Magnify Plus. This magnify extension was created for use on Magento. Contact us if you need any help with the extension. Follow us for the very latest on Facebook: <http://www.facebook.com/MagicToolbox> and Twitter: <http://twitter.com/magictoolbox>
