Make Contest is crowdsourcing software for starting your own design contest site just like 99designs.com and crowdspring.com. Create a community where Contest Holders can launch contests and Designers can compete for a prize. With our flexible, powerful and reliable contest software, now at v 5.0.0, you can turn your brilliant crowdsourcing ideas into a highly profitable business. It is truly a low maintenance, passive income opportunity. Contest Holders can run logo design, stationery design, web design, advertising, graphic design, T-shirt design, or even text writing contests and choose how much they are willing to pay for a design and how long the contest should last. The design contest script runs on PHP + MySQL and is highly customizable: multiple language support, flexible script settings, template-driven design, Search Engine-Friendly URLs, installation wizard will help you run your own 99design clone-site in minutes!
