

MembersAssistant

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

MembersAssistant is a complete Perl auto-membership management system designed to offer the busy webmaster an automated way of registering and maintaining site membership, small or large, offering 3 registration options: auto-validation (users are granted immediate access to your pass-protected dir.), email-validation, or admin-approval. It is complete with ticketing support for tracking members' requests or inquiries.
