Minimal XML News Reader AS2 v.1.0

Address	{value_address}
Contact Person	{value_contact_person}
Mobile Number	{value_mobile_number}
Email	{value_email}

Minimal and corporate style XML News Reader. Mainly focused on simple date news reader but it also can be used like a text content menu, changing the dates for section titles and editing the main external XML file. Two versions (white and dark) are included (Can be selected directly from the xml, without edit the fla). Flash CS3 and Flash 8 source files. All well coded and commented. Fully customizable. The design of this clip is inspired in a Standard Corporate Style. A full layered photoshop file with the elements it's included in the pack, so you can modify the colors, aspect or change the design completely.
