MP3 CD Writer writes .mp3, .wav files or existing play lists (PLS/M3U) on-the-fly as an audio disc. This extremely easy-to-use and versatile software supports almost all CD Writer features: 1. Direct-to-CD burning with no WAV files involved. No need tons of hard drive space 2. Supports BURN-PROOF 3. Supports High Speeds Writing. You needn't wait for a long time. 4. Supports Test Write Mode to test the CDR drive and no data will be physically written to the disc 4. Supports almost all the CDR drives 5. Supports dragging and dropping to add audio files 6. Supports PLS/M3U Playlist to make you manage your MP3 file list better for burning 7. Supports ID3 Tag Editing. You can edit the ID3 Tag of your MP3 files easily. 8. Supports CD-RW Disc Erasing and Writing 9. Specify exact amount of silence between tracks 10. Automatically trims silence from the beginning or end of songs 11. You can export the playlist for CD Label Printing. MP3 CD Writer also has a pretty interface and convenient Instant Help.
