

# MPomidorCart - Magento PIN Delivery Module

<b>Address</b>	{value_address}
<b>Contact Person</b>	{value_contact_person}
<b>Mobile Number</b>	{value_mobile_number}
<b>Email</b>	{value_email}

MPomidorCart is a native Magento PIN Delivery module. No core file hacking needed, and with the help of our all payment gateway support solution, MPomidorCart the Magento PIN Delivery module will deliver any PIN via Email or SMS after a successful transaction made through any payment gateway. No restriction on how the products must be setup or configured, no core file hacking and best of all, it comes with our 3 month awesome free support with every license. You have option to import PINs in bulk via CSV file or one by one. You can manage and resend sold PINs. You can send custom text along with PINs per product to your customers. A nicely designed HTML email template is included in the license for delivery of your PINs via email. MPomidorCart is great addition to our PomidorCart PIN Delivery solutions.
