

# Multi-format countdown

|                       |                        |
|-----------------------|------------------------|
| <b>Address</b>        | {value_address}        |
| <b>Contact Person</b> | {value_contact_person} |
| <b>Mobile Number</b>  | {value_mobile_number}  |
| <b>Email</b>          | {value_email}          |

This class can show the time left until a moment in different formats. It can take as parameters the specification of a time remaining to a certain moment given the seconds, minutes, hours, days, weeks, months and years. The class can return the remaining time formatted in a a custom way with a given list of time format parameters.
